DECLARATION OF FRANCES ENG-MOY

I, Frances Eng-Moy, declare as follows:

1. I have been employed by Fish & Richardson P.C. since May 21, 2002. During the time in question I was a Patent Docketing Specialist in the Patent Services Department.

2. When mail is received by Fish & Richardson P.C. from the U.S. Patent and Trademark Office ("PTO"), the mail is entered and docketed into the Fish & Richardson P.C. computerized docketing system and entered into a manual log of all PTO mail received to date. It is then sent to the attorney in charge of the case for entry into the file.

3. According to our docket system the case identified as US Serial Number 09/723,194, filed November 27, 2000, corresponds to client/matter number 10830-048001.

4. I have checked our computerized docketing system and found that the Notice of Allowance dated September 7, 2004 concerning the above-captioned case was not entered or docketed.

Attorney's Docket No.: 10830-048001 / A36-
126904M/YAH

5. I have checked our manual log (Exhibit A) for the period of time from September 7, 2004 through October 7, 2004 and there is no record of ever receiving the Notice of Allowance.

6. I have checked copies of our docket printout (Exhibit B) showing docketing deadlines occurring on December 7, 2004, the due date. Each entry in Exhibit B identifies the docketed date; the Fish & Richardson reference number; the U.S. Serial Number; a description of the action; and a description of the type of deadline. For application US Serial Number 09/723,194, if we had received a Notice of Allowance dated September 7, 2004, I would have expected to find a docketed due date of December 7, 2004 for "Issue Fee." I did not find such docket entries in Exhibit B.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patents issued thereon.

Respectfully submitted,

Date: 02-08-05
